

TELL US HOW WE DID!

Be sure to give us your Smiley Face or Sad Face rating before you leave!

We hope you found this brochure useful. You are welcome to take it home with you, but we can also use it again for another family. If you don't think it will be used, just drop it back at the Reception Desk!

Thanks very much.

Family Guide

*Helping you
and your family
get the most
from your visit!*

Here are some great tips to help **ENGAGE** children during their museum visit!

FOLLOW THE LEADER!

Give your children the map of the Heritage Gallery and let them lead your tour.

LOOK CLOSELY

Encourage them to (magnifying glasses are available at the reception desk!)

ASK THEM QUESTIONS

What do you think this object does?

What does it resemble?

What do you like best? Why?

SHARE YOUR MEMORIES...

"When I was a child..."

Encourage them to **IMAGINE**

"What would it be like if..."

TAKE SELFIES

Unless you see this sign, you are **WELCOME** to take **SELFIES** or pictures of your family.

Why not pose beside your **FAVOURITE** artifact and send it to us for our Facebook page!

SEEK AND FIND

Encourage younger children to seek out shapes and artifacts.

(activity sheets are at front desk)

TRY YOUR HAND...

Join your children in the hands-on activities throughout the Museum.

ACT LIKE A KID!

Join your children in the *Kidology Korner Gallery* and pretend you're a child in 1899.

Look at pictures in the Stereoscope, button up a lady's boot, and look at pictures of children from the time.
