The Family History program of the Church of Jesus Christ of Latter Day Saints was founded in 1894 to gather genealogical records. Resources and facilities are open to all. Patrons have access to the world's largest collection of genealogical records which includes 1.8 million reels of microfilm, equivalent to 6 million 300-page volumes, containing church registers, census records, land and probate records, and other government and public records. Microfilm and other records contain nearly 2.5 billion names. Record collection is ongoing. Operated by: The Church of Jesus Christ of Latter-Day Saints.
